

You're Invited to the ...

# Logic Technology Expo 2011

**Friday, June 3**

**10:00am - 3pm**

*doors open at 9:30*

## **Ball Conference Center**

21350 W. 153rd St  
Olathe, KS 66061

*Please join us to celebrate our 30th anniversary and our  
annual Logic Technology Expo*

We're undergoing construction, so the Logic Expo is being held off-site this year at the **Ball Conference Center in Olathe.**

Register on-line at  
[www.logic-control.com](http://www.logic-control.com)

or

call 913-764-4400

A Logic event without BBQ?  
Never!

Lunch is from  
11:30 – 1:30

## **Seminars!**

8 different Technical Seminars will be going on throughout the day.

## **Tech Expo!**

The Expo features experts and product displays from the companies we represent and products you use.

**Register Early! We might run out of ribs!**

## Seminar Schedule

	<b><i>Learning Center</i></b>	<b><i>Board Room</i></b>
10:00	<p><b>How to Cook with System Platform Without Getting Burned</b></p> <p style="text-align: right;"><i>Wonderware</i></p> <p>A Best Practices discussion for developing successful System Platform applications. Targeted at new or mid-level users.</p> <p style="text-align: right;"><i>System Consultants ... Logic</i></p>	<p><b>Access and Manage Remote Devices Over the Internet</b></p> <p style="text-align: right;"><i>HMS Anybus</i></p> <p>NetBiter - Communication and Management to Remote Sites via Cellular WITHOUT the hassles of VPN, phone company static IP setup, IT expertise, or programming.</p> <p style="text-align: right;"><i>Jason Block ... HMS Anybus</i></p>
11:00	<p><b>InTouch 2012 and other Tales From the Future</b></p> <p style="text-align: right;"><i>Wonderware</i></p> <p>A look at what's on the horizon from Wonderware and a sneak peak at the next major release of InTouch.</p> <p style="text-align: right;"><i>Jeff Tapia ... Invensys Wonderware</i></p>	<p><b>No Joking About Machine Safety</b></p> <p style="text-align: right;"><i>Jokab ABB</i></p> <p>Learn about "Complete Machine Safety Systems" that offer easier installation, built-in diagnostics, and less downtime.</p> <p style="text-align: right;"><i>Gary Tandeski ... Jokab Safety, ABB</i></p>
Eat!	<i>Lunch 11:30 – 1:30</i>	<i>Lunch 11:30 – 1:30</i>
1:00	<p><b>Change Happens. Manage It.</b></p> <p style="text-align: right;"><i>MDT</i></p> <p>Advanced change management and version control using MDT AutoSave software for Wonderware System Platform, InTouch and more than 40 other devices.</p> <p style="text-align: right;"><i>Miles Leggo ... MDT Software</i></p>	<p><b>GE Does PROFINET</b></p> <p style="text-align: right;"><i>GE-IS</i></p> <p>See how GE is leveraging PROFINET for I/O and control in its new automation architectures.</p> <p style="text-align: right;"><i>Jeff Leonard ... GE Intelligent Systems</i></p>
2:00	<p><b>Archestra Workflow: Business Process Management Software</b></p> <p style="text-align: right;"><i>Wonderware</i></p> <p>Driving collaboration across people, processes and systems by streamlining workflow is the new frontier for achieving operational excellence in industrial automation.</p> <p style="text-align: right;"><i>David Anderson ... Logic</i></p>	<p><b>The Virtual Reality of Thin, or The Thin Reality of Virtual</b></p> <p style="text-align: right;"><i>ACP ThinManager</i></p> <p>Integrating VMware and ACP ThinManager, for high flexibility, maintainability, and cost effectiveness. Includes a preview of v5.0 XLi, which will allow use of standard thin client hardware and an iPhone app for managing thin clients.</p> <p style="text-align: right;"><i>Kris Kozierek ... Logic</i></p>

## Technology Expo Exhibitors

<b>Aaeon</b>	Industrial computers
<b>ABB Controls</b>	Full line of control components
<b>ABB Drives</b>	Variable Frequency Drives
<b>ACP ThinManager</b>	Thin Client management software
<b>Arista</b>	Industrial computers
<b>CTI</b>	PLC solution based on TI-505 architecture
<b>eRPortal</b>	Maintenance management software
<b>Fibox</b>	Non-metallic enclosures
<b>GE Intelligent Systems</b>	PLC, I/O, and OIT solutions
<b>HMS Anybus</b>	Protocol gateways
<b>Horner</b>	Packaged PLC and I/O solutions
<b>Invensys Foxboro</b>	DCS solutions
<b>Jokab Safety</b>	Machine safety products
<b>Longwatch</b>	Video surveillance on industrial networks
<b>MDS</b>	Industrial radio
<b>MDT Software</b>	Backup and version control software
<b>Moxa</b>	Industrial Ethernet products
<b>NSK</b>	Linear bearing and mechanical motion products
<b>Parker Automation</b>	Motion control components and systems
<b>Pfannenber</b>	Enclosure fans and heaters
<b>PULS</b>	Power Supplies
<b>Schaefer's</b>	Steel and stainless electrical enclosures
<b>TCI</b>	DV/DT filters and reactors for AC Drives
<b>Turck</b>	Sensors and connectivity components
<b>Wonderware</b>	Manufacturing and Automation Software
	<p>And featuring the ABB Rolling Roadshow filled with working demos of ABB controls and drives</p>
