AVEVA

AVEVA PARTNER NETWORK
Registered and Certified Systems Integrators
Company Level Certification Requirements and Project References

Registered Systems Integrator

For entry level System Integrators who want to join the AVEVA Partner Network so that they can provide AVEVA solutions.

- Local AVEVA distributors will sponsor SI registrations.
- Purchase and maintain an annual AVEVA Consignment license and Customer First support subscription from your local distributor.

Certified Systems Integrator General Requirements

Our mid-level program, for current AVEVA Registered System Integrators with multiple developer certifications for each product at the company level. To qualify, employees must have Certified developers by passing our product certification exams available online or at distributor sites; and submit two successful installations for the level seeking Certified status within the last 18 months, and the customer contact information for verification.

You must promote products as your preferred solution and represent AVEVA products in a professional manner.

To remain at the Certified level in our program, the expectation is to successfully implement at least one AVEVA Software project annually utilizing the products that the SI is Certified on. The SI Program office reserves the right to check during the renewal period to evaluate compliance with this requirement.

Certified Systems Integrator - InTouch:

Maintain at least two AVEVA Certified Developers on staff who are Certified in InTouch and Historian Server.

Certified Systems Integrator – AVEVA Edge:

Maintain at least two AVEVA Certified Developers on staff who are Certified in InTouch Edge and Historian Server.

Certified Systems Integrator – CITECT Scada:

Maintain at least two AVEVA Certified Developers on staff who are Certified on CITECT Configuration, CITECT Architecture and Redundancy, CITECT Cicode and CITECT Workspace.

Certified Systems Integrator – System Platform:

Maintain at least two AVEVA Certified Developers on staff who are Certified on InTouch OR InTouch for System Platform, Historian Server, and Application Server. We also recommend two developers successfully pass the Information Server exams.

Certified Systems Integrator – APM (PRiSM, Avantis.Pro, or IntelaTrac):

After consultation with AVEVA Delivery for skill evaluation, industry knowledge and experience required, maintain at least two AVEVA Certified Developers on staff who have completed the required trainings, passed certification exams and successfully evaluated by AVEVA delivery for two implementations for On-The-Job Experience.

Options for On-The-Job Experience are: Shadow AVEVA Delivery team on a customer implementation, Implement an APM project, with contracted support from AVEVA Delivery, or Implement a simple APM project with customer completed reference form. The On-The-Job Experience will be used to evaluate performance of consultant by AVEVA Delivery.

Certified Systems Integrator – Model Driven MES:

After consultation with AVEVA Program Manager for skill evaluation, industry knowledge and experience required, maintain at least two AVEVA Certified Developers on staff who have completed the required trainings, passed certification exams and pay the annual subscription fee of $10,000 for access to the reusable engineering templates.

Certified Systems Integrator – Ampla:

After consultation with Ampla Global Practice for skill evaluation, industry knowledge and experience required, maintain at least two AVEVA Certified Developers on staff who have completed the required Product User training, passed certification exams and successfully evaluated by Ampla Global Practice for two implementations for On-The-Job Experience.

Options for On-The-Job Experience are: Shadow Ampla Global Practice on a customer implementation, Implement an Ampla project, with contracted support from AVEVA Delivery, or Implement a simple Ampla project with customer completed reference form. The On-The-Job Experience will be used to evaluate performance of consultant by Ampla Global Practice.

For questions regarding our Registered program and Certified certifications, please contact your local distributor or us at Software.siprogram@aveva.com.

Thank you for your interest in our program!
