- The number **5**, **►**, **PROG +** and **AUDIO** buttons on the remote have a tactile dot. Use the tactile dots as a reference when operating the TV.

Button		Description
1	**TV I/⏻ (TV standby)**	Press to turn the TV on and off from standby mode.
2	**⊞ (Screen mode)**	Press to change the screen format.
3	**AUDIO**	In analogue mode: Press to change the dual sound mode. In digital mode: Press to change the language to be used for the programme currently being viewed.
4	**⊡ (Subtitle setting)**	Press to change the subtitle language (in digital mode only).
5	**ⓘ/? (Info/ Text reveal)**	In digital mode: Displays details of the programme currently being viewed. In analogue mode: Displays information. Press once to display the current channel number and screen mode. Press again to display clock information. Press a third time to remove the display from the screen. In Text mode: Reveals hidden information (e.g. answers to a quiz).
6	**⇥/⊜ (Input select/Text hold)**	In TV mode: Press to display a list of inputs. In Text mode: Press to hold the current page.
7	⇧/⇩/⇦/⇨/⊕	Press ⇧/⇩/⇦/⇨ to move the on-screen cursor. Press ⊕ to select/confirm the highlighted item. When playing a photo file: Press ⊕ to pause/ start a slideshow. Press ⇧/⇦ to select the previous file. Press ⇩/⇨ to select the next file. When playing a music file: Press ⊕ to pause/ start the playback. Press and hold ⇦/⇨ to fast forward/fast reverse, then release the button at the point where you want to resume playback. Press ⇧ to start playback from the beginning of the current file. Press ⇩ to go to the next file.
8	**OPTIONS**	Press to display a list that contains “PAP”, “PIP”, “Device Control”, or shortcuts to some setting menus. Use the “Device Control” menu to operate equipment that is compatible with control for HDMI. The listed options vary depending on the input source.
9	**HOME**	Press to display the TV Home menu.
10	**Coloured buttons**	When the coloured buttons are available, an operation guide appears on the screen. Follow the operation guide to perform a selected operation.

11	**Number buttons**	In TV mode: Press to select channels. For channel numbers 10 and above, press the second and third digits in quick succession. In Text mode: Press to enter a page number.
12	**♡ (Favourite)**	Press to display the Digital Favourite List that you have specified.
13	**PROG +/–/ ≡▲/≡▼**	In TV mode: Press to select the next (+) or previous (–) channel. In Text mode: Press to select the next (≡▲) or previous (≡▼) page.
14	**↻ (Previous channel)**	Press to return to the channel that was last viewed (for more than five seconds).
15	**🔇 (Mute)**	Press to mute the sound. Press again to restore the sound. 💡 • In standby mode, if you want to turn on the TV without sound, press this button.
16	**◿ +/– (Volume)**	Press to adjust the volume.
17	**⊜ (Text)**	Press to display text information.
18	**RETURN / ↩**	Press to return to the previous screen of the displayed menu. When playing a photo/music file: Press to stop the playback. (The display returns to the file or folder list.)
19	**GUIDE / ▤ (EPG)**	Press to display the Digital Electronic Programme Guide (EPG).
20	**ANALOG**	Press to display the analogue channel that was last viewed.
21	**DIGITAL**	Press to display the digital channel that was last viewed.
22	**THEATRE**	You can set Theatre Mode to on or off. When Theatre Mode is set to on, the optimum audio output (if the TV is connected with an audio system using an HDMI cable) and picture quality for film-based contents are automatically set. 💡 • If you turn the TV off, Theatre Mode is also turned off. • “Control for HDMI” (BRAVIA Sync) is only available with the connected Sony equipment that has the BRAVIA Sync or BRAVIA Theatre Sync logo or is compatible with control for HDMI.

23	**SCENE**	Press to display the “Scene Select” menu. When you select the desired scene option, the optimum sound quality and picture quality for the selected scene are automatically set. Press ⇧/⇩/⇦/⇨ to select the scene option, then press ⊕. **Cinema:** Delivers picture scenes just like those in a theatre-like atmosphere with dynamic sound. **Photo:** Delivers picture scenes that authentically reproduces the texture and colour of a printed photo. **Sports:** Delivers picture scenes that let you experience realistic picture and sound like those in a stadium. **Music:** Delivers sound effects that let you experience dynamic and clear sound like that at a concert. **Game:** Delivers picture scenes that let you enjoy your game-playing experience to the fullest with superb picture and sound quality. **Graphics:** Delivers picture scenes that ease your prolonged monitor viewing experience and reduce fatigue by displaying clearer detailed pictures. **General:** Current user settings. **Auto:** The optimum sound quality and picture quality are automatically set according to the input source, though there may not be any effect depending on the connected devices. ✍ • In Digital mode, "Scene" options are applied independently for HD (High-definition) and SD (Standard-definition) pictures. • When you set Theatre Mode (page 3) to on, the “Scene Select” setting switches to “Cinema” automatically.
24	**SYNC MENU**	Displays the menu of connected HDMI equipment. While viewing other input screens or TV programmes, “HDMI Device Selection” is displayed when the button is pressed. 💡 • “Control for HDMI” (BRAVIA Sync) is only available with the connected Sony equipment that has the BRAVIA Sync logo or is compatible with control for HDMI.
25	**☼ (Light)**	Press to illuminate the buttons on the remote so that you can see them easily even if the room is dark.

Buttons for using optional equipment

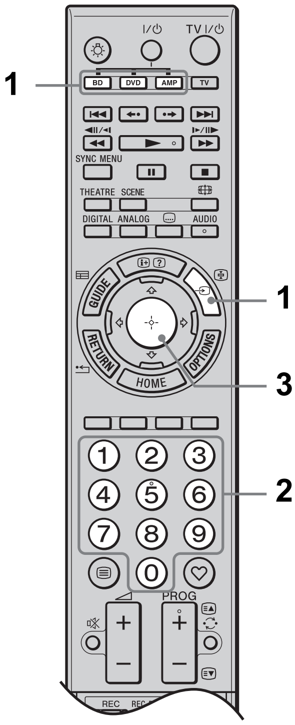
You can operate the equipment connected to the TV.

26	**Function buttons**	Allows you to operate the corresponding equipment. For details, see “Programming the remote”.
27	**BD/DVD operating buttons**	• ⏮/⏭: Goes to the beginning of the previous/next title/chapter/scene/track. • ←•/•→: Replays the scene/briefly fast forwards the scene. • ◀◀/▶▶: Fast reverses/fast forwards the disc when pressed during playback. • ▶: Plays a disc at normal speed. • ❚❚: Pauses the playback. • ■: Stops the playback.
28	**DVD record buttons**	• ● **REC**: Starts the recording. • ❚❚ **REC PAUSE**: Pauses the recording. • ■ **REC STOP**: Stops the recording.
29	**F1/F2**	• Selects a disc when using a disc changer. • Selects a function when using a combination unit (e.g. a DVD/HDD).
30	**BD/DVD MENU**	Displays the BD/DVD disc menu.
31	**BD/DVD TOP MENU**	Displays the top menu of the BD/DVD disc.

Programming the remote

This remote is preset to operate Sony TVs, and most Sony Blu-ray disc players, DVD players, DVD/HDD recorders, and audio systems (Home Theatre, etc.).
To control Blu-ray disc players, DVD players, and DVD/HDD recorders of other manufacturers (and some other Sony models), programme the remote as follows.

✍
- Before you start, look up the code of your equipment from the “Manufacturer’s codes”



1 Press and hold the **BD**, **DVD**, or **AMP** function button you want to programme on the remote, then press ⇥.

The selected function button (**BD**, **DVD**, or **AMP**) flashes.

2 Press the number buttons to enter the manufacturer’s code number when the function button flashes.

If you do not enter the code within 30 seconds, you need to go back to step 1.

3 Press ⊕.

The selected function button flashes twice.

If the selected function button flashes five times, repeat from step 1.

4 Turn on your equipment and check that the following main functions work.

For Blu-ray disc players, DVD players and DVD/HDD recorders, check:
► (playback), ■ (stop), ◄◄ (rewind), ►► (fast forward), channel selection.
For DVD players and DVD/HDD recorders, check:
TOP MENU/**MENU** and ⇧/⇩/⇦/⇨.

If your equipment is not working, or some of the functions do not work
Enter the correct code or try the next code listed for the brand. Note that the list may not include codes for all models of all brands.

To return to normal TV operation
Press the **TV** function button.
